

I am writing on behalf of my entire family. We completely oppose the weakening of the Indiana Phone Privacy Act. We have been tremendously happy with the results of the Indiana Phone Privacy Act. Our phone used to register over 20 calls between the hours of 8 AM and 5 PM along with a handful of calls between 5 PM and 10 PM. My husband and I work opposite shifts and the phone calls were very disruptive of our sleep which could result in work related accidents. Turning the phone ringer off is not an option as there could be an emergency. Please DO NOT change the Indiana Phone Privacy! I beg of you. These restrictions have been a godsent for us.
